

POLICY ON TRANSACTIONING BUSINESS WITH PUBLIC

Limak adopts and embraces the principle of executing the agreements concluded with the public authorities and establishing the communication required to be performed within the scope of such agreements in accordance with the entire applicable laws and regulations and the entire contractual requirements.

In this direction;

- The rules of courtesy and protocol shall be prioritized in the relations with the general public.
- Information requested by the public authorities and organizations within the framework of the relevant legislation shall be provided accurately and in a timely manner.
- Accurate, complete and scrutable information shall be provided in the disclosures performed to the public authorities.
- Only corporate opinions but not the personal opinions shall be uttered before the public.
- Acting with the awareness of the duties and obligations of the public officials, no acts or behaviors are exercised to leave any public officials in a tight spot.
- The entire Limak employees involved in the agreements concluded with the public authorities is ensured to have sufficient training and acknowledge and comprehend the applicable laws, regulation and contractual terms and conditions.
